

# ROSSER ELEMENTARY COMMUNITY REPORT

JUNE 2025

## OUR PEOPLE

.....

We are a k - 4 school with 53 students, 3 full time and 2 part time teachers, and 6 support staff members.

## A MESSAGE FROM THE PRINCIPAL

Field Day was a beautiful snapshot of what makes Rosser Elementary so special—joyful students, a supportive staff, and an incredible community.

Thank you for helping make this year so memorable. I'm grateful for the care, fun, and connection that fill our school each day, and I look forward to another great year ahead.

-Josh Harrison

## OUR GOALS

This year, we focused on improving instruction and equity. We used explicit-direct teaching and tools like IXL to identify learning needs and guide instruction. Staff engaged in professional learning to support these strategies.

We also deepened our culturally responsive approach by participating in Treaty Training and hosting Knowledge Keepers to build understanding and connection.

## LOOKING AHEAD

Next year, we'll use student data tools to guide flexible small group instruction and build mastery through regular review. We'll also explore the Seven Teachings in more depth and co-create classroom land and treaty acknowledgements to enrich learning.

## YOUR FEEDBACK IN ACTION

Thank you to everyone who responded to our spring survey. Your feedback helps shape our direction and decisions. Here are a few actions we're taking based on what we heard:

- Reintroducing e-transfers for hot lunch to make ordering easier for families
- Continuing to offer a wide range of field trips and guest experiences
- Expanding leadership opportunities for older students to grow confidence and responsibility
